Saad Ullah Nasir
Data Scientists

Profile

Hi, I'm SaadUllahNasir. I'm currently a Data Science undergraduate student at UET Peshawar. I'm deeply interested in data analysis, machine learning, and statistical modeling. My goal is to specialize in data science, artificial intelligence, and their real-world applications

Work experience

Present
↑
2024

Data Science Intern
CodeAlpha, Remote/Location

- Assisting in data collection, preprocessing, and analysis for machine learning models.

Education

Present
↑
2022

Undergraduate Student in Data Science
University of Engineering and Technology (UET), Peshawar

Courses and Achievements:

- Gained proficiency in programming languages such as Python, R, and SQL for data analysis and machine learning.
- Completed advanced coursework in algorithms, data structures, and statistical analysis.
- Acquired practical experience in data preprocessing, data visualization, and predictive modeling using various libraries (e.g., Pandas, Matplotlib, Scikit-learn).
- Developed skills in big data technologies, including Hadoop and Spark, for processing large datasets.
- Engaged in hands-on projects involving real-world data, including data cleaning, feature engineering, and model evaluation.
- Participated in workshops and seminars related to AI, machine learning, and data analytics.

Peshawar, Pakistan

Skills

- Python
- Machine Learning
- Data Analysis
- Jupyter Notebook
- Deep Learning
- Tableau
- Power BI
- Plotly
